# REACHING FOR THE STARS

*As we raise our eyes and gaze into the sky*
*There are as many time zones, galaxies, and other existences as there are opportunities to go after in the world around us*
*We should set our goals for the future as high as the stars and strive for them day by day*
*Don't let the past take up too much of the present — which is new*
*That is where and what you are today*
*Cast a wish and seek it*
*Savor the moments*
*We may set our own pace and keep it*
*Catch the dreams before they slip away*
*Let our minds flow freely*
*Release troubles and tears*
*Rest and replenish our bodies*
*Store memories of happiness, not tears*
*We'll all grow and change — to become the stars of the future*
*We can go anywhere and*
*Be anything we choose*
*The world is what we make of it*
*Just like the universe is as vast as we imagine it*

# OUR GUIDING STAR

The 1985 edition of Visions is cheerfully dedicated to one of the nicest people you could ever hope to know; our campus supervisor and guiding star: Sharon Mellinger.

Throughout her four years at Bowman, Sharon has been herald of the school-gods. "Get to class, get to class, get to class! Don't be late or you're going to need a blueslip!" She has uttered these immortal words more times than there are stars in the sky.

Sharon has always made herself available to help any student who has a problem with a mathematics equation, English paragraph or history assignment. Students and teachers alike are proud to have Sharon as a friend.

Sharon's wish upon a star: "I would wish for world peace."

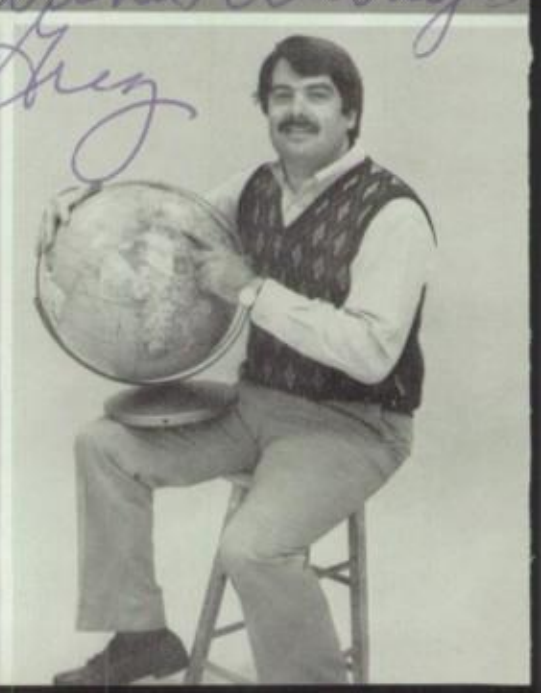
Brian Stiman - Science Teacher
I wish that one day Jon Tarver, Tim Blomquist, Brian Richardson and John Bergman would attend class and miraculously start working.

Roger Cahoon - Driver's Education Teacher
I wish to have an end to all fighting domestically and abroad, and harmony among all families and nations.

Greg Herrick - Social Studies Teacher
If I could make a wish on a star — I would wish to be younger because when I was younger I could remember anything, whether it happened or not.

Kelly
Good fuck and
Best Wishes Always
Greg

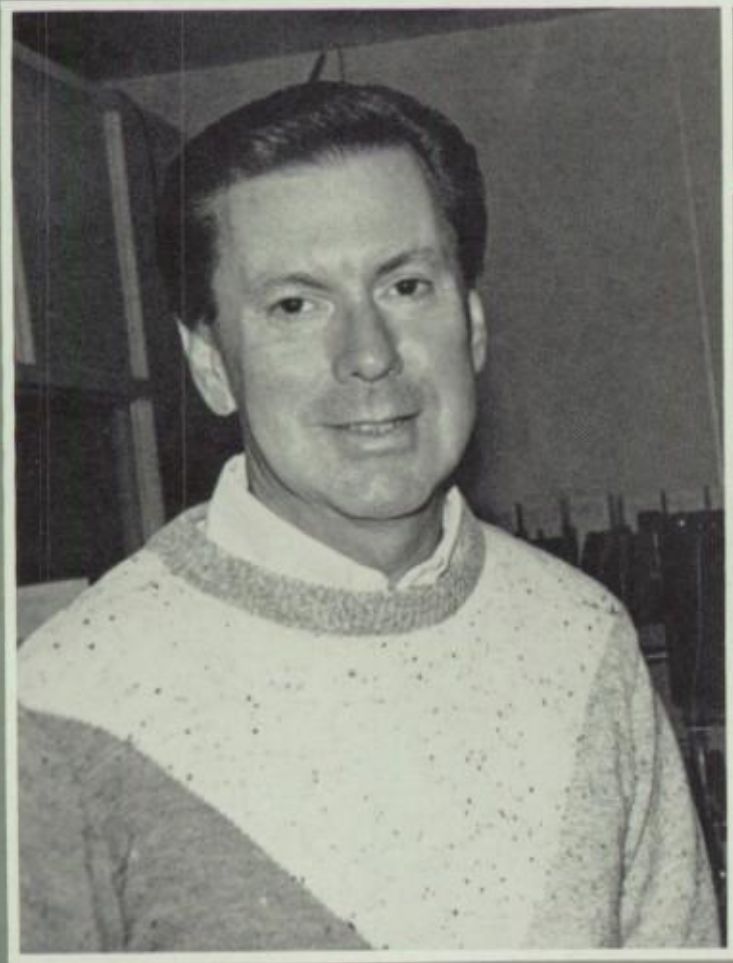
Linda Tonkinson - Business-Home Economics Teacher
To be able to physically take part in the construction of a geodesic dome home in Cambria, Calif.



Debbie Hild - Art-Photo Teacher
I wish for an art room with lots of windows and three sinks!

Kelley
You are a very talented, intelligent young woman & keep up the writing as I know you'll become a great author. Much love, Shirley

Shirley Wheeler - English Teacher
I wish we could know ourselves well enough to say what we mean to say from our heart of hearts and trust others enough to hope they understand.

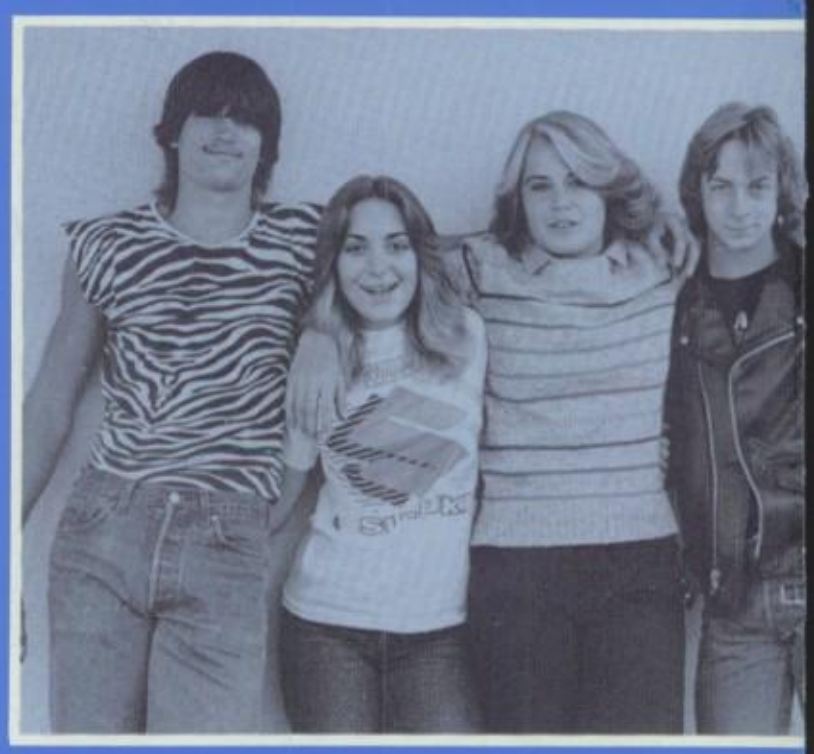


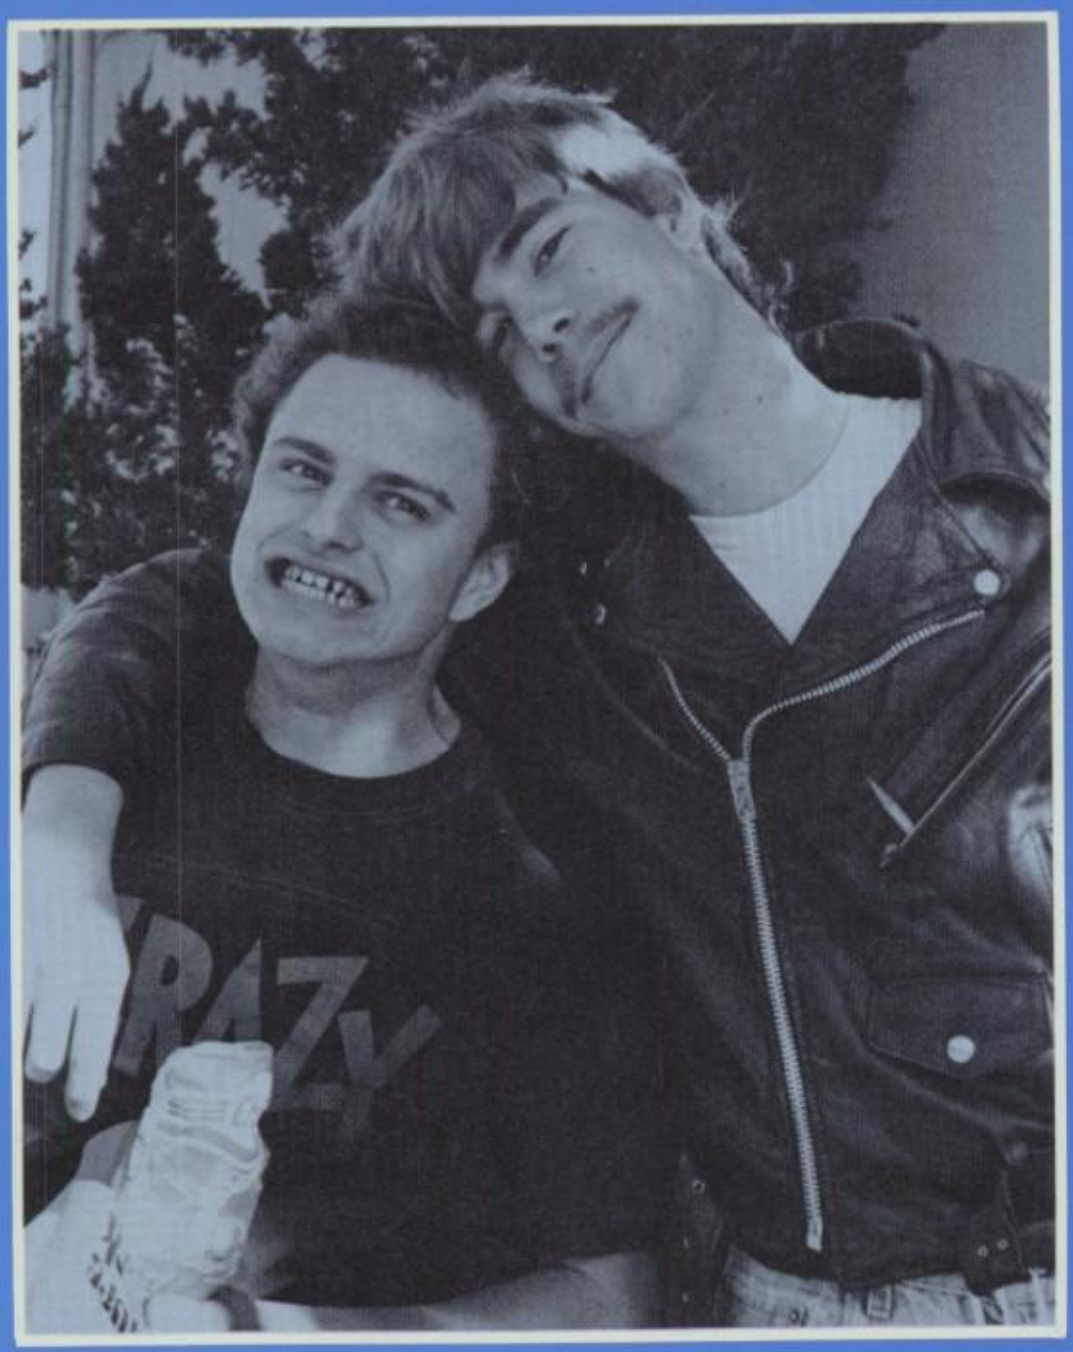
Al Scrase - Reading Teacher
A new Mercedes!

Donna Lindelef - Math Teacher
For all people to live in peace and harmony with all other people — in the world in general and in our own daily contacts with each other.

# FRIENDS

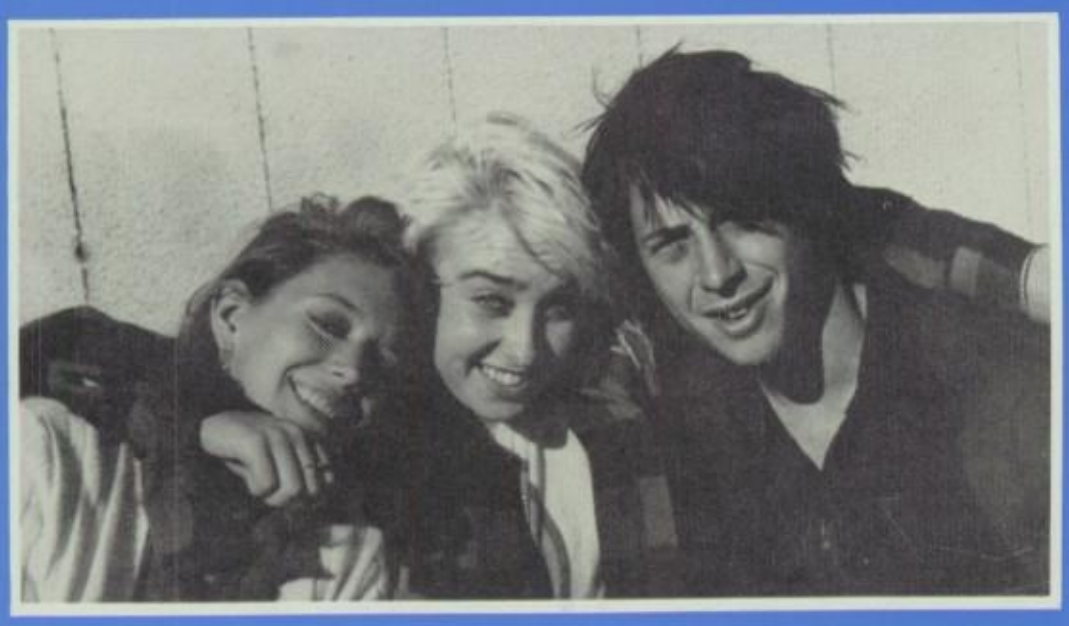
*"the possibilities are limitless"*





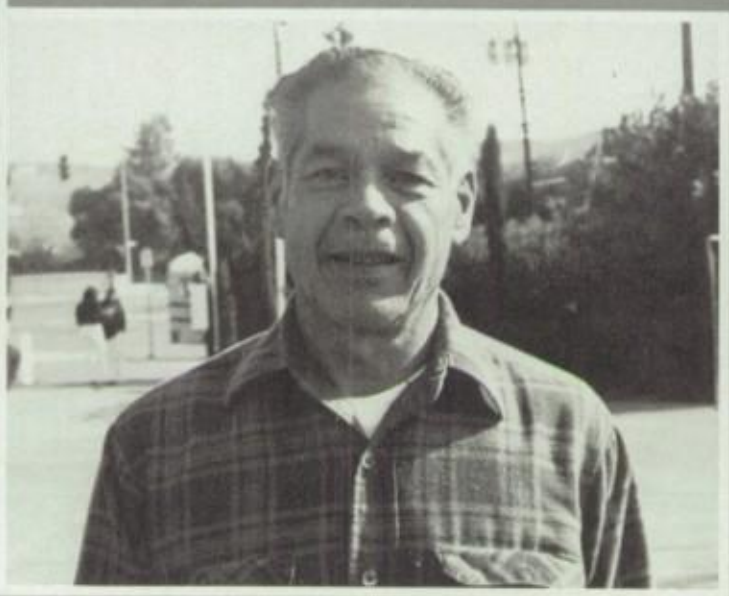
RAZY

FREEDOM



AUTO PARTS INC

Ann Zuccari - Instructional Aide
To have all the people in the world create peace, and to love one another.



Johnny Inzunza - Maintenance-Custodian
I wish there was more outside supervision.

George Suel - Counselor-Administrator
Peace and prosperity for humankind.

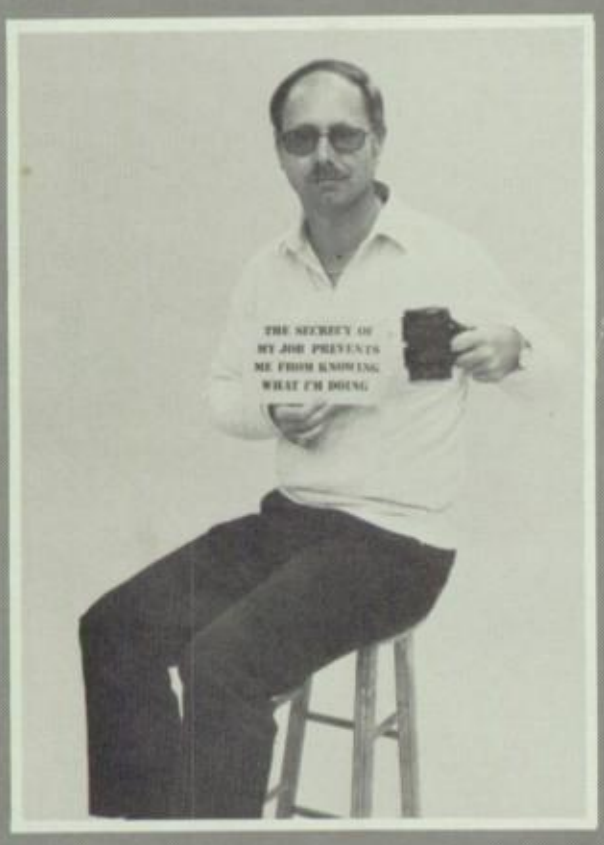
Connie Brown - Instructional Aide, Bilingual
I wish there were more wimps at Bowman.

Juanita Haas - Instructional Aide
I wish everybody's problems would be small ones.

Lois Knutson - Instructional Aide
"Star light, star bright . . . " I wish we could all enjoy the excitement of searching for the silver lining, even if we never find or keep it.

Peg Effertz - Attendance secretary
A 5-day work week and to have the kids home from school on weekends.

To Kelly
You are the Sunshine
in our Office -
Happy Days ahead
Love Peg



Mike Ehrhart - Work Experience Coordination
I wish for 1/10 of Fume's energy, 1/4 of Debbie's creativity, 1/2 of Shirley's patient understanding and, of course, all of Greg's hair

Peg Bleiler - Principal's secretary
To be at my "goal" weight by June of 1985.

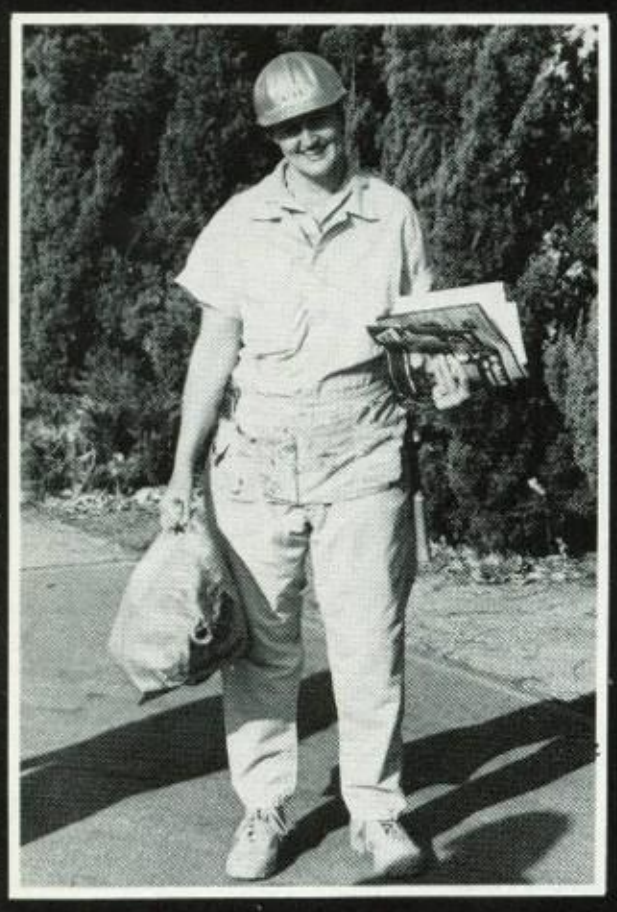
*The Visions 85 Staff Statement*

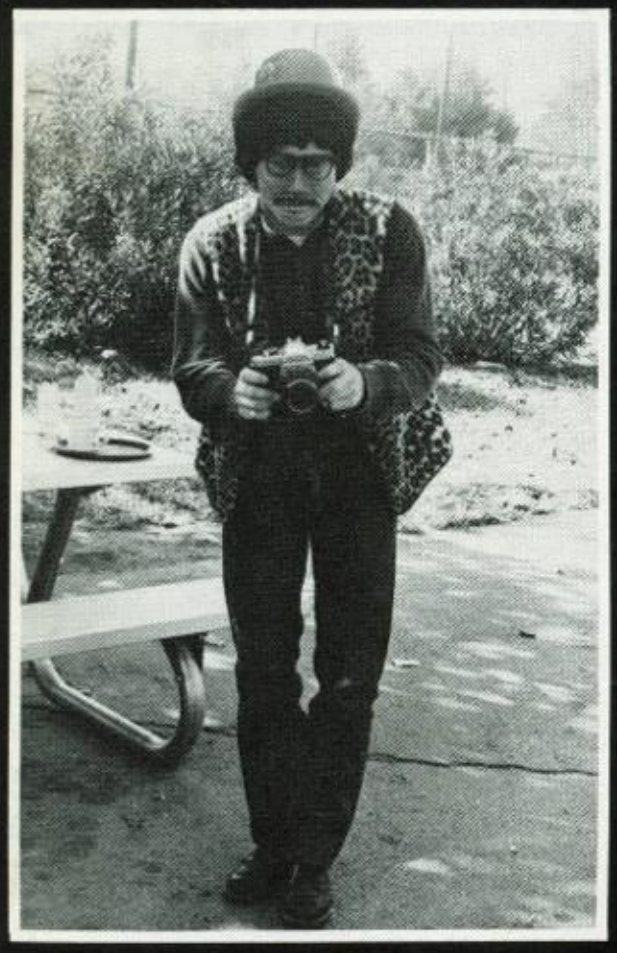
The Visions 85 book was put out by a twelve-member staff of devoted hard-workers. Two thousand dollars' worth of advertising and sponsorships as well as the sale of the book helped to financially back it. Not very many people realize how hard most of the staffers work. We try to produce a yearbook that reflects the many faces of Bowman and is something everyone can be proud of. From our vague thoughts to a completed work, here we present to you words, pictures and memories of 1985.

## Dr. Judith Webber, Principal

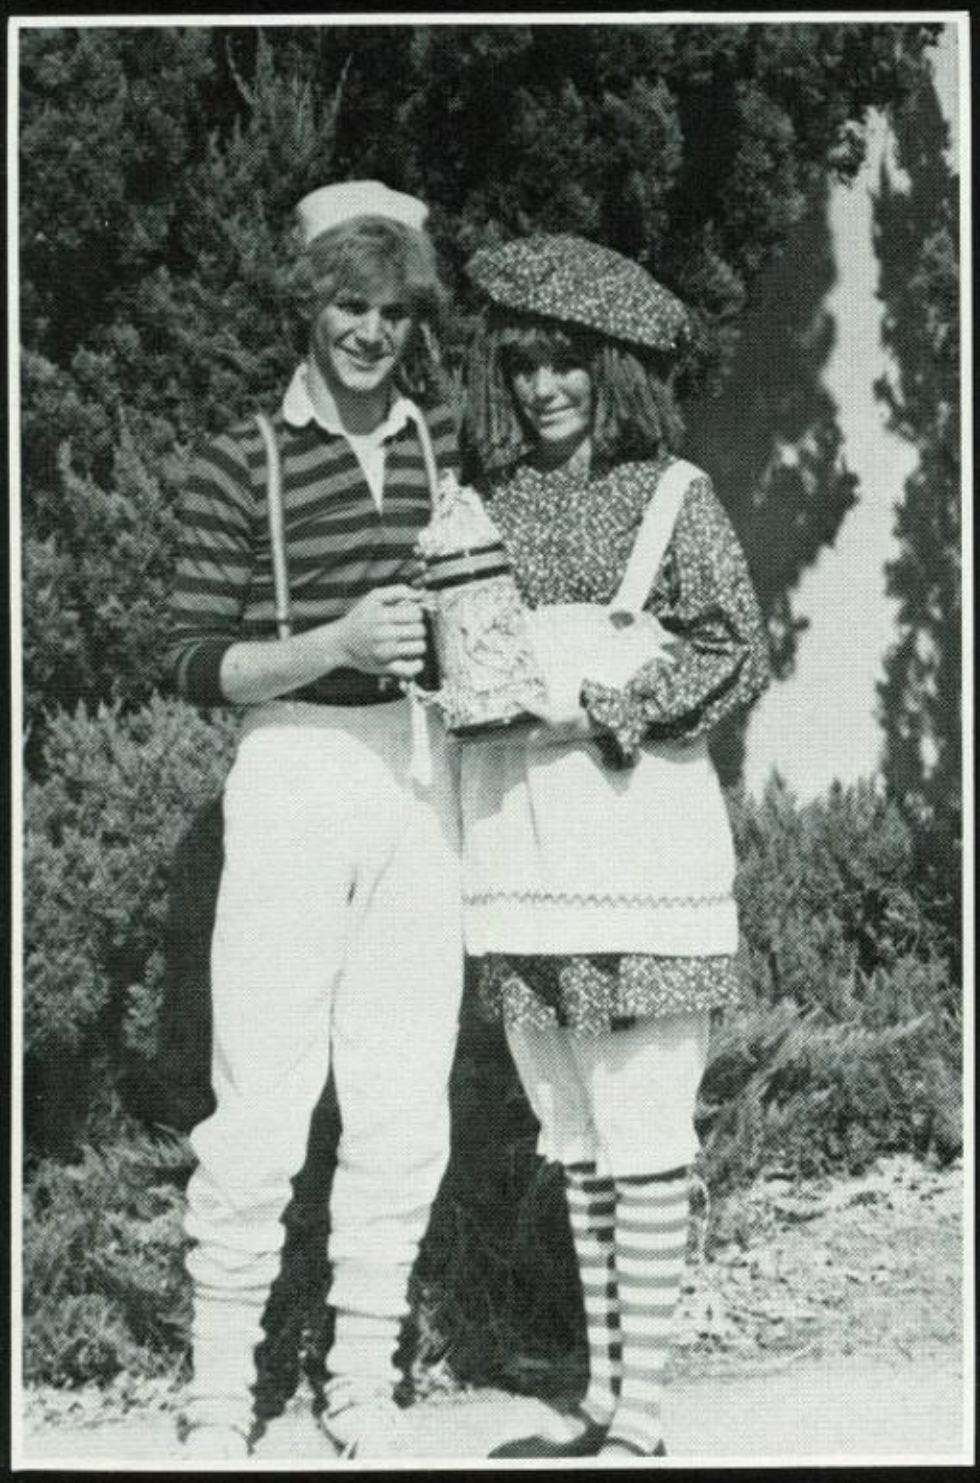
Stars are goals that students, teachers, aides and principals alike strive to reach. By stretching inch by inch toard these stars everyday, each of us gets closer to those stratospheric pinpoints. With every mile forward each of us not only betters himself, he also inspires those around him to reach his own personal stars.

My wish on a star would be: For everyone to enjoy all of the spiritual, moral, mental and physical qualities that the term "good health" implies.



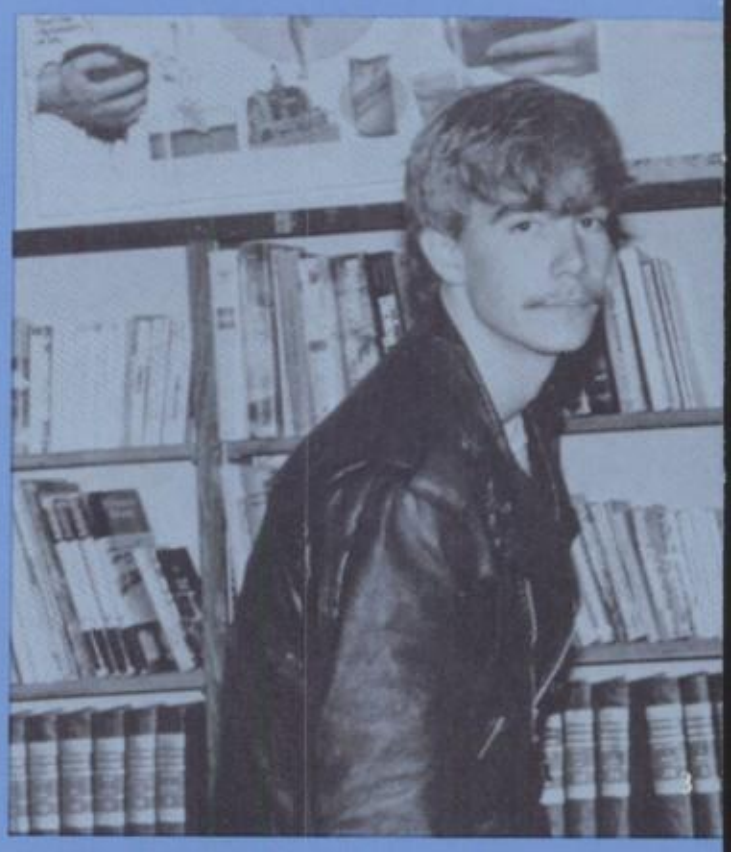


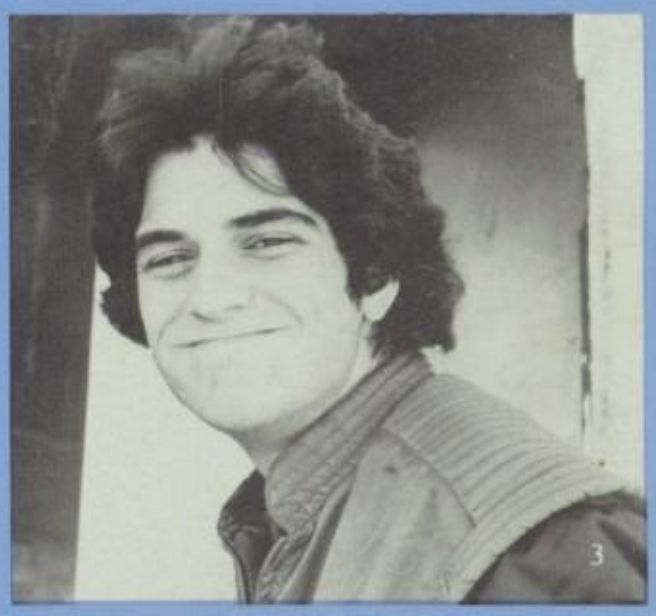
# GALAXY OF GOONS



The 1984 Halloween activity day was a howling success! Ghosts and gouls from every tomb crawled on campus to fulfill the Bowman tradition. Congratulations to Dean Herbert and Monica Kelly who won first prize for best costumes. Special thanks to "Madame Teresa Mitchell" for making the holiday mood complete, with her eerie fortune telling booth. Extra-special thanks to the stars of our show "Critical Attitude" for showing us what "punk rock" is about.

1) Short and Sassy
2) I can't give you any credit till you spell your name right.
3) You gotta quarter?
4) Teresa and John the fly catcher.
5) I don't care what they say, Blonde's aren't dumb!
6) Oh please, say cheese.
7) The three stoogettes





1) Look, me in 10 years!
2) Aaron looking cool.
3) Where's my dentures?
4) What, you want me to pose for the centerfold!??
5) Always together, forever friends
6) Tuna pizza again?
7) I see your point, Brent.

# HOROSCOPE

**ARIES**
*ruled by Mars ♂*

With the power to move forward, you are springing forth this year with new beginnings. Financial concerns follow a rather confusing course. Trust your first impressions. You enjoy the swinging single life until about May. The focus of your interests through out this year should be on your home and family.

Famous Ariens: Adolph Hitler, Diana Ross, Richard Chamberlain, Ryan O'Neil, Butch Cassidy.

**TAURUS**
*ruled by Venus ♀*

With the power to sustain life you are beginning to relax and enjoy. In the spring a long time relationship blossoms into romance. Careless eating habits leave you tired all the time. Try to be careful financially. Sometimes charity; however well intended, can be as harmful, as it is helpful.

Famous Taureans: Shirley McLaine, Fred Astaire, Shirley Temple, Audrey Hepburn, Candice Burgess.

**GEMINI**
*ruled by Mercury ☿*

Your greatest power is your mind; you are sharpening and beginning to use your skills more rationally. This year you will expand spiritually. Career and money matters run quite smoothly. Honesty is the key word to success and happiness.

Famous Geminis: Marilyn Monroe, Rudolph Valentino, Peter Pan, Captain Kangaroo, Brooke Shields, Joan Collins.

**CANCER**
*ruled by the Moon ☽*

You are becoming more aware, sensuous and magical. You are finding the baseline happiness within, and turning inward for answers. Stop falling in love so easily, or you may get a few bruises. A change of pace with your job leads to much satisfaction. Around June you receive a surprising invitation to an exotic far-off land. Enjoy!

Famous Cancers: Albert Einstein, Cheech, Mick Jagger, Helen Keller.

**LEO**
*ruled by the Sun ☉*

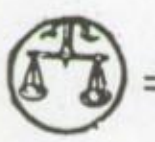
This year you are turning outward letting your inner light and vibrance shine. Your company is in high demand from past and future loves, but you seem wary of making a commitment. In 1985 you must be careful not to let valued friendships slip away. The stars recommend plenty of bed rest this year. To help you deal with money problems that may plague you, manage your cash flow carefully.

Famous Leos: Napoleon Bonaparte, Davy Crockett, Lucille Ball, May West, Jimmy Dean.

**VIRGO**
*ruled by Mercury ☿*

Your career takes an unanticipated turn for the better this year as a hobby begins to pay off smashingly! To compliment your newfound success, set aside money to buy a new car. As for your health - keep up on that exercise program. Despite all your good fortune, your loyalty is put to the test in April when an old friend brings you grief due to certain personal problems. However, because of your loving, serving, and healing nature, you will most probably see these problems through.

Famous Virgos: Buddy Holly, Lauren Bacall, Michael Jackson, Twiggy, King Henry the 8th.



**LIBRA**
*ruled by Venus ♀*

You are creating beauty and harmony around you. This year you decide to take on two loves at once, and attempt to keep both sizzeling - a difficult balancing act for most, but Libra's are great jugglers! Upper respiratory infections and hay fever keep you from feeling your best; but good food, extra sleep, and better habits all around will bring your strength back.

Famous Librans: Groucho Marx, Jimmy Carter, Michael Landon, Gene Autry.

**SCORPIO**
*ruled by Pluto ♇*

A friend's or relative's wedding brings you much excitement as you plunge into a romance of your own. A younger Leo catches your eye and the sparks fly! You are accepting the teachings of every moment, and your business wizardry earns you quite a little fortune this year. Too much salt may cause you stomache disorders, but you manage to enjoy having various small, but intriguing parties with all different kinds of people, never-the-less.

Famous Scorpios: Robert Kennedy, Linda Evans, Neil Young, Sally Fields, Shaw of Iran.

**SAGITTARIUS**
*ruled by Jupiter ♃*

You have the power of eternal expansion and abundance. You are beginning to explore, evolve, learn, and grow. Invest in clothes that present an outward image, this will help you with business, etc. Your parents seem to crowd you, criticizing your life style; try to level with them. This year your calendar is booked; you have the stamina to go out night after night without losing the sparkle in your eyes, and your health keeps up with you amazingly well.

Famous Sagittarians: Walt Disney, Billy the Kid, Randolph Hearst, Dick Clark, Randy Newman.

**CAPRICORN**
*ruled by Saturn ♄*

You are sure-footed, strong, tenacious, confident and wish to seek wisdom. March finds you entangled in a frustrating involvement; but when summer comes you realize that being single is it's own reward. In your enthusiasm for fitness, you might over-do it, with the result of a knee injury. Lazy days at the beach speed recovery and you find a new hobby to be quite satisfying. 1985 is a year of momentous change in love, life, and career.

Famous Capricorns: David Bowie, Ava Gardener, Pamela Sue Martin, Sal Mineo.

**AQUARIUS**
*ruled by Uranus ♅*

The strength to uplift, and envision develops tremendously. You are letting go, being free to be unique and changeable. An old love re-enters your life in October, and you are amazed at how much chemistry still exists between you. A hobby you've been secretly persuing brings recognition this year. You're bored with the usual round of parties and start to seek new ways of entertainment. Marriage plans are definately in the air.

Famous Aquarians: Burt Reynolds, Zsa Zsa Gabor, John Belushi, Yoko-Ono.

**PISCES**
*ruled by Neptune ♆*

You are the mystic, you're discovering the deepest inner wonder of it all, the ultimate, the mystical, the silence. A relationship with a cancer is developing if you're tired of being timid when it comes to jobs, start to exert yourself. Minor aches and pains may indicate lack of calcium. Put a brake on those emotional ups and downs and life will run more smoothly.

Famous Pisceans: Billy Crystal, Fats Domino, Tony Randall, Dr. Seuss, Buffy-Saint Marie.

# INTERSTELLAR ACTIVITIES

One of the things that students and teachers look forward to during the school year is activity days. We started off with Halloween (see pages 12 and 13), and then moved straight on to December and the annual Holiday party, which was thrown by the teachers. The faculty brought homemade foods, punch, and a six foot (or was that sixteen foot) submarine sandwich for the students! (Maybe they feel guilty about some thing?) A.S.B. got right into the spirit of the season by collecting canned goods for the needy. Congratulations to John Devine who won a gift certificate for $50 in records and tapes simply by entering the yearbook raffle. Two months later we had our traditional Valentine's Activity Day. Candy Grams were sold to students and teachers by A.S.B.; and friends exchanged gifts of candy and flowers, (but nobody got too mushy).

The Work Experience Program is fortunate again this year to have students working in a variety of responsible employment positions. Students are able to earn credits by attending weekly classes which delve into topics such as a career planning, payroll deductions, and consumer affairs, among others. The important core of the Work Experience Program, however, lies in the value of the learning which takes place on the job. Our students take pride in the variety of jobs they perform, the quality of work they do, and the greater self sufficiency their earnings give them. We at Bowman join the business community in commending their efforts and sharing their pride.

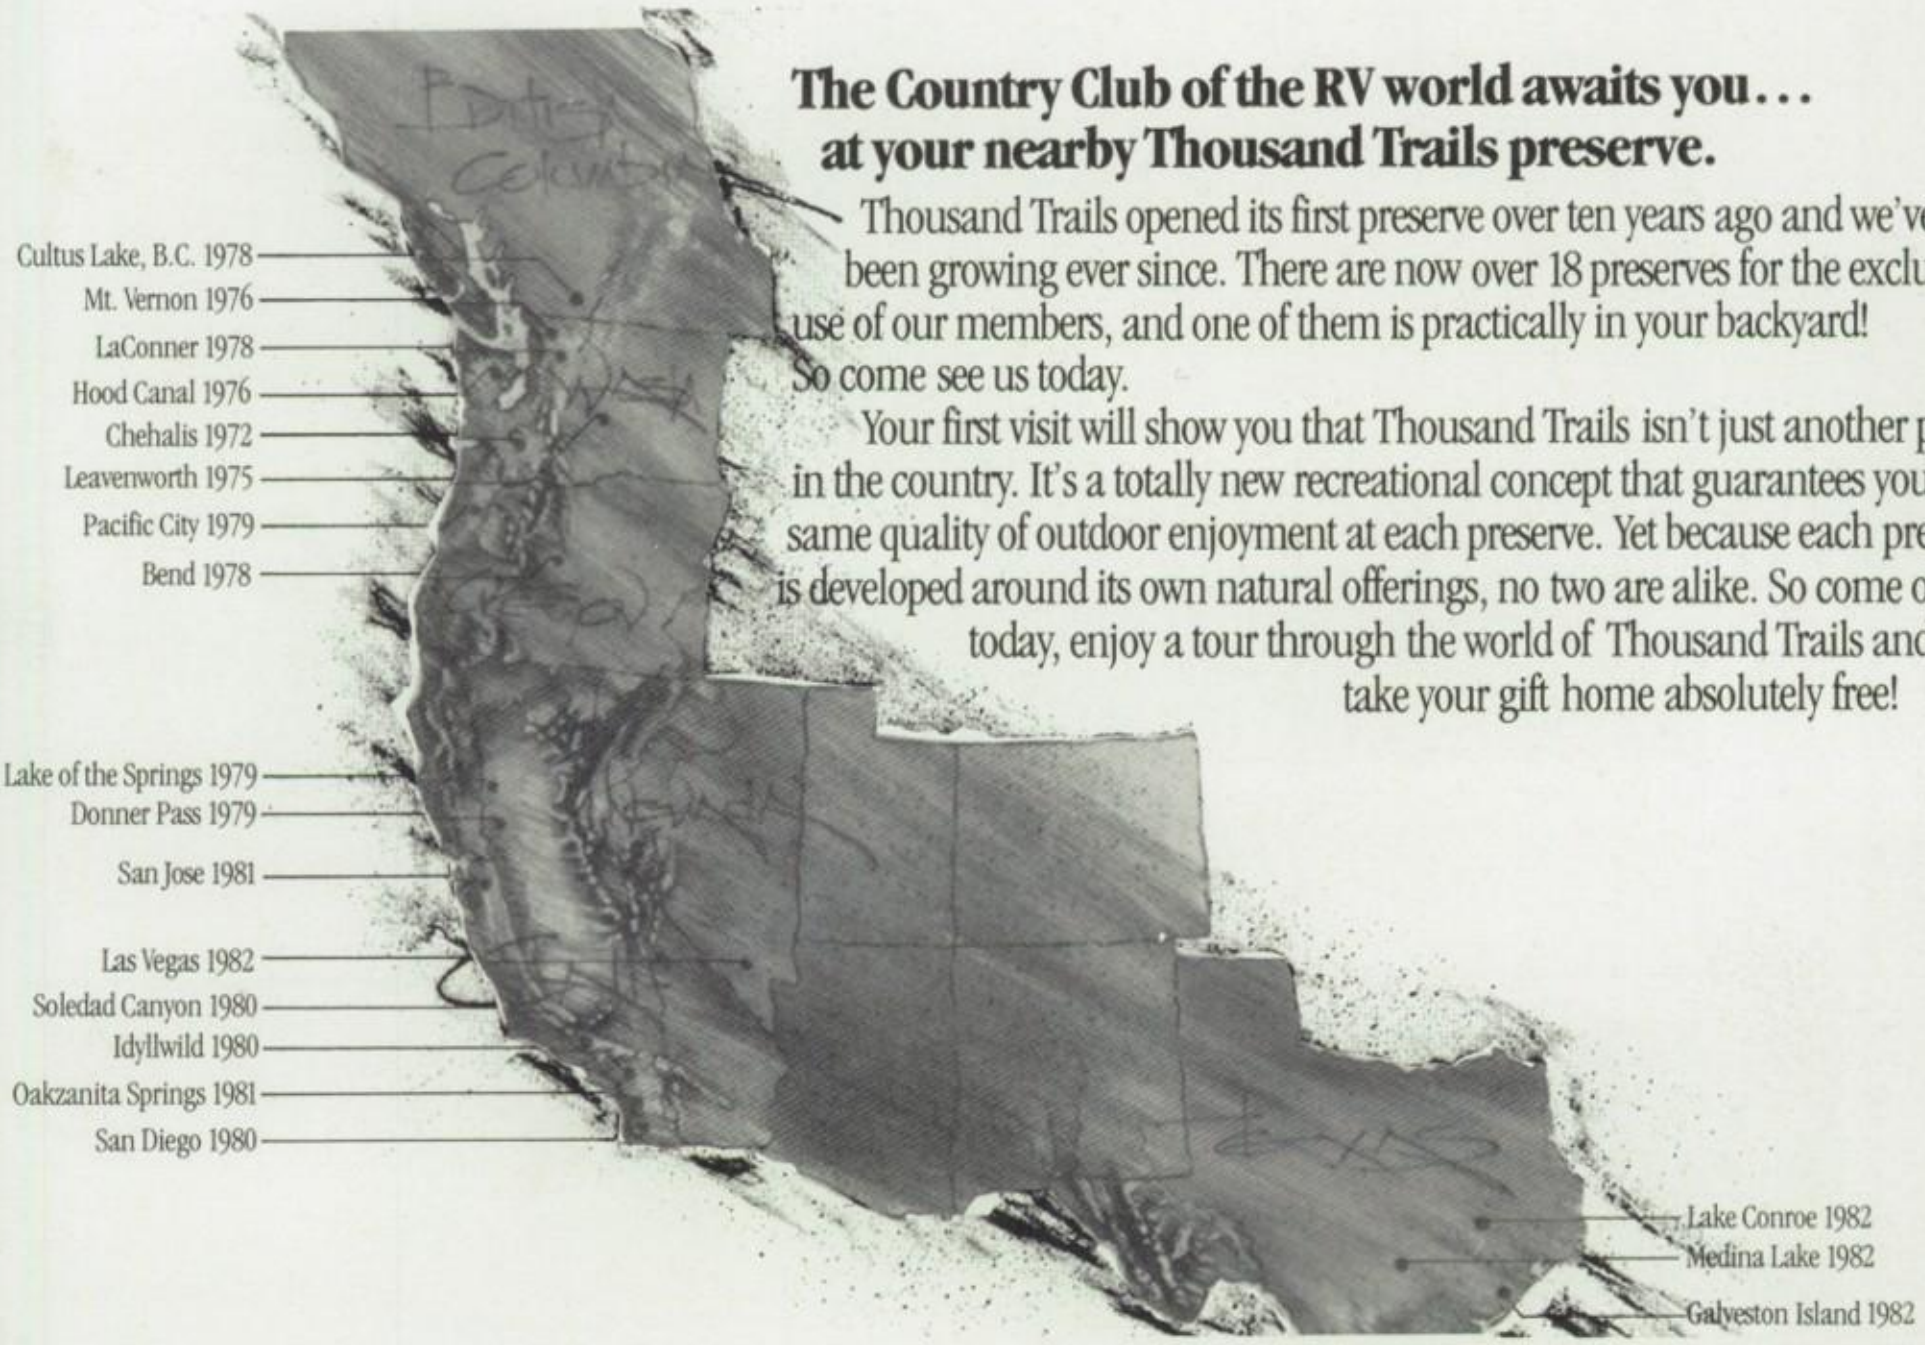
# Thousand Trails



**The Country Club of the RV world awaits you... at your nearby Thousand Trails preserve.**

Thousand Trails opened its first preserve over ten years ago and we've been growing ever since. There are now over 18 preserves for the exclusive use of our members, and one of them is practically in your backyard! So come see us today.

Your first visit will show you that Thousand Trails isn't just another place in the country. It's a totally new recreational concept that guarantees you the same quality of outdoor enjoyment at each preserve. Yet because each preserve is developed around its own natural offerings, no two are alike. So come out today, enjoy a tour through the world of Thousand Trails and take your gift home absolutely free!

# *Ma and Pa*

*This ad section is lovingly dedicated to my dear grandparents who through the years have supported me and shown interest in my schooling as well as my home life. My grandparents have always been there with a shoulder to cry on or a hand to hold, through all of the good times as well as the bad. They have always given me helpful advice and have lovingly shown me my mistakes without judging me. I think because of them I will continue growing and developing into my own person reflecting their good qualities and care for others.*

*I love you Ma and Pa,*

# LAST WILLS AND TESTAMENTS

I, Chris Olson, being of deformed mind and twisted body, will a lifetime supply of supreme unleaded gas to Sean O'Donnell; to Teresa Spencer, the telephone of her choice, and a lifetime of paid-up phone bills; to Terrie Ingham, Clifford Shaw's ticket out of jail; to Debbie Hild and Mike Ehrhart I will all of my Yoko Ono records, which I know they will cherish always, and to Scott Worden and Cary Stutts the "Deal of the Century."

I, Montica Kelly, will a 30 foot viper to Jarvis Kelly - my best friend.

I, Al Fuentes, don't leave nothing to nobody.

I, "String and Fretz" Pletz, leave my good looks and my (pritty) white hair to Donna. P.S., and my talented hands and fingers to Darren Card.

I, Jim Dotson, will my green and white striped boxers to Becky Checots.

I, Tony Chichester, will all of my incomplete work to Greg Herrick.

I, Teri King, leave all my bad luck to Fume and Greg. All my good luck to Debbie.

I, Shawna Mitre, leave a can of Charle's Chip cookies to Bowman High School, and all my blue slips back to Peg.

I, Lois Knutson, would leave my love of life to everyone. However, I'm planning to stay forever, so I'll just share it with all.

I, Dean Herbert, leave my good friend Gary Sneed all my baseball caps. I also leave John Shaw all my bad habits. And most important, I leave Mike Pletz my sense of humor, because I won't need any of these things in the big world.

I, Kim Shaw, will all my classes and work to my good friend Dana De Nuzzi because she needs to graduate.

I, Susan Castillo, will my brain to Tammy Egler.

I, Cassie Cheek, will my "Kiss" tickets to Rick Smith.

I, John Devine, will my blue slips to Sharon so she can wall-paper her bathroom.

I, Miki Brown, leave 10 cartons of Marlboro Red to Lee Ann B., and a personal chauffer to Leisa Lugo.

I, Ken Butler, leave $5.00 to Debbie Hild for my lab fee.

I, Rick McCoy, leave all my wordly possessions to Greg - (which is nothing), and I leave my sense of humor to Doc Webber.

I, Theresa Spencer, will a years supply of KRAZY colors to Valerie Hanson.

I, Scott Worden, leave my heart and everlasting love to Teresa D'Agostino.

I, Sean O'Donnell, will my Toyota Corrolla to Chris Olson and all my money and worldly possessions to Theresa Spencer.

Kelley,

Well this is one of your last years left of your High-School years. Since I've met you I have caught an idea of your outlook towards school. You need to keep a good attitude in wanting to graduate. I know you can do it.

It was real nice meeting you. Your a interesting person to be around. You have a really nice personality. Besides a cute face and a nice body. Good luck in all your goals. I hope the future goes good for you. Just stay out of trouble. I'm sure every-thing will go good for you in life. Hope things go well for you and your family. Keep up that cute smile of yours. Good luck, best wishes and hope your Summer goes well. Keep in touch. You know you got a friend that will always be there if you need it. See ya pretty-girl.

With love always.
